

MP100 | DIGITAL IMAGING PROJECT STATEMENT

PART I: RASTER

Title: raster sidy

Semester/Year: spring 2020

Software: photoshop

This raster image represents a racing road which cars are following one after another...

using photoshop was a great experience for me makes me feel like an an artist imagining myself creating some more amazing stuff.

PART II: VECTOR

Title: vector m sidy

Semester/Year:spring 2020

Software:illustrator

This picture done through Illustrator represents my bare face as my natural skin color . I was inspired by my roots events . The hardest part of doing this project was about ideas and layers organisation. I ended by getting help from one of my classmates and tutors
